

TOWNS OPPOSE LOSING OFFICES

Officials Ask Headquarters
of Texas Roads Be Kept
in the State.

Austin, Tex., Aug. 24.—The United States railroad administration is planning to remove the general offices of the Texas Midland railroad from Terrell, according to a telegram received by attorney general Loney, from John F. Stollenwerk, representing the Terrell chamber of commerce. Mr. Stollenwerk wired that he was leaving for Washington where he will present a brief to the administration presenting facts as to why the general headquarters should remain at Terrell.

It was suggested by Mr. Stollenwerk that the general offices of the railroad be moved to Terrell to assist in the general protest which is being made by several of the Texas towns against the abolishment of general offices of the lines involved. Attorney general Loney and Gov. Hobby have already made formal protest to the railroad administration against the removal of such general offices from Texas cities. The protestants have also been advised to take up the matter with senator Sheppard, and other members of the Texas delegation in congress.

Germany's Crop Of Corn Will Hardly Feed People

Berne, Switzerland, Aug. 24.—The yield of the German corn crop has been reduced and is barely sufficient for the feeding of the population, according to a statement made by privy councillor Kleinert of the imperial German bureau before the food committee of the reichstag, according to the Berlin Tagblatt.

In reply to a demand by the bourgeoisie parties that the farmers be allotted a larger quantity of a certain kind of corn (called in German Hintertorn, black corn), as this would have a conciliatory effect in view of the many enforced deliveries and numerous compulsory measures, Kleinert said that the so-called "Hintertorn" could not be released in general for fodder purposes, for the reason that unfavorable experiences had been made in that respect in 1916. Notwithstanding a careful system of control, extraordinarily great difficulties were encountered and these difficulties would increase now that "the situation as a whole is more tense than in 1916 and that the total yield of our crop has been further reduced and barely suffices for the feeding of the population."

COKE COUNTY MOTHER HAS THREE SONS IN; 4 TO GO

Robert Lee, Texas, Aug. 24.—One among the mothers of Coke county, Mrs. G. W. Moore, of Fort Chadbourne, Texas, is probably making as great a sacrifice as any American mother, to help win in this world struggle. Mrs. Moore is a widow and has already given three of her sons to the country's service, two of whom are now in France. Ed Moore, one of the sons in France, is in the trenches. Besides the three already in the service, Ernest B. Moore is in the next call. She has three other sons in the draft age, and probably all four of our boys will be in the army or navy before the war ends.

"MOOCHER," ALLEGED ALIEN ENEMY, TURNED OVER TO U. S.

The following cases were heard and determined in Judge Ben Jenkins's police court Friday afternoon: P. J. Malone, "mooshing," turned over to employment agency in charge of police, Hugo Paine, "mooshing," an alleged alien enemy, turned over to the department of justice; Louis Garcia and Gerónimo Pedraza, drunk, dismissed. Rosendo Subia, violating electricity law, fined \$10.

NEGRO BADLY BEATEN WITH WRENCH; F. MUKES ARRESTED

William Banks, a negro about 26 years old, was badly beaten on his head in the G. H. & S. A. shops Friday about noon. The weapon used was a 24 inch wrench. It was reported. Besides several wounds on the head and face, three of Banks's teeth were knocked out. He was given surgical attention at the emergency hospital by Dr. R. L. Ramey. Fred Mukes was arrested.

COVERED MADE BY STONEWALL JACKSON'S SISTER IS BURNED

Robert Lee, Tex., Aug. 24.—Recently, when the Pearce home, in Robert Lee, burned, a highly prized heirloom was destroyed. It was a counterpane, or coverlet (as they were called in olden days), crocheted of Sixteen thread, which was gathered, spun and woven by Stonewall Jackson's sister, who was the great grandmother of H. D. Pearce, now deceased. This valuable heirloom was in a large chest containing many other relics of the Pearce ancestors. It was kept locked and was in a rear room, from which very few articles were rescued from the flames.

AT THE WHITE HOUSE MONDAY

Good News For Every Child And Home In The Southwest

ANNUAL SCHOOL WEEK

A Six-Day Event Beginning Monday Morning At 8:30

SCHOOL WEEK means more this year to the Mothers of the Southwest than ever before. Because of the ever-increasing prices we looked far into the future and made plans months ago for this great MONEY-SAVING event. Every home blessed with school children wishes to see them enter school looking their best, but because of world-wide conditions it is the duty of parents to BUY WHERE THEY CAN SECURE THE MOST FOR THEIR MONEY. Mothers generally should make their plans now to buy the new Fall Outfits during SCHOOL WEEK. This is the big event of the year.
